

Club Ride Code of Conduct

The aim of the Dutton Cycles Racing and Recreation Club Inc. is to create a community for cycling enthusiasts - regardless of their skill level or the type of bike they ride. The Club was formed specifically with an inclusive philosophy in mind, where people of all ages and abilities can enjoy the company of others while riding.

The Club rides are a free, community service activity, organised by volunteers and sponsored by businesses in the local community. We ask that you respect the Club, those you ride with and the law at all times.

By participating in the ride, I:

acknowledge this ride is organised by a not-for-profit Cycling Club

understand this is a recreation and training ride and not a race

will carry sufficient spares, hydration and nutrition for the ride

will respect and be supportive of those who are not as fast or as skilled as I am

agree not to ride in a dangerous manner that puts myself or others at risk

understand I am representing the Club and its sponsors and will act accordingly

will ride in the group that best represents my skill level

agree to obey all road rules

will read and become familiar with the "Bunch Riding Etiquette" document published by the Club
